LETTERAMUTA - Schema elettrico - electrical diagram

l'apparecchio viene installato in maniera permanente alla rete elettrica, si consiglia quindi l'installazione di un interruttore bipolare per consentire il sezionamento elettrico del circuito.

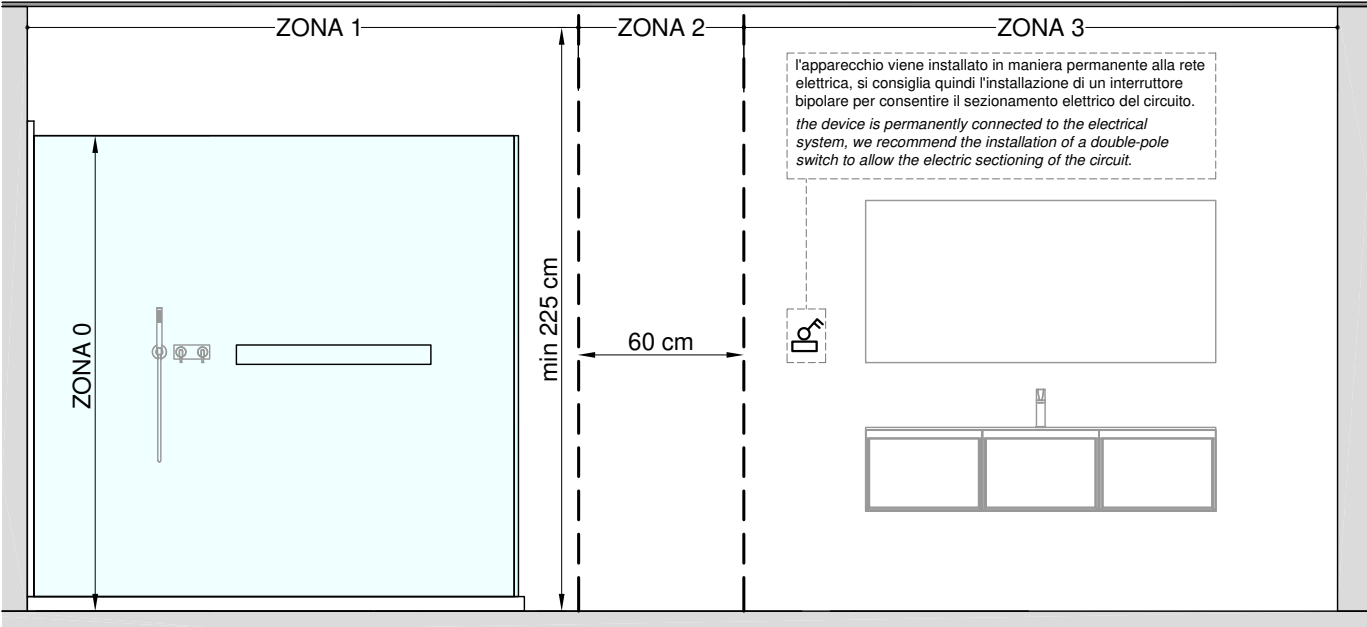

the device is permanently connected to the electrical system, we recommend the installation of a double-pole switch to allow the electric sectioning of the circuit.

* I cavetti sono montati con terminali quindi anche l'alimentatore dovrà essere dotato di cablaggio con lo stesso tipo di terminali. (Fig. 1)
The cables are mounted with terminals and the power supply must also be equipped with cables with the same type of terminals. (Fig. 1)

NB: In caso di posizionamento della sorgente luminosa nel box doccia predisporre un collegamento IP68.
PS: If the light source is positioned in the shower enclosure, prepare an IP68 connection
