

# Laboratory Sinks

## Small/Medium/Large

### Vitreous China Laboratory Sinks

A range of plain outlet, straight sided Laboratory Sinks have fully glazed sides which make the sinks suitable for exposed installations.

**Small Laboratory Sink** 305mm x 305mm x 225mm nominal, centre outlet, max. capacity 10 litres.

**Medium Laboratory Sink** 375mm x 375mm x 265mm nominal, centre outlet, max. capacity 15 litres.

**Large Laboratory Sink** 405mm x 480mm x 265mm nominal, offset outlet, max. capacity 25 litres.

**Tap Holes:** No taphole. The sinks are intended for installation with counter top mounted laboratory cocks, tapware, etc.

**Waste Outlets:** Plain outlet only, suitable for 50mm standard waste assemblies. For duty involving acid and other corrosive wastes, special waste assemblies may be required (not supplied).

**Fixing:** Under counter applications four **Aluminium Clip Brackets** (not supplied), use for fixing basin to marble or granite counter top. For custom applications the client must provide own custom bracket system.

**Installation:** Refer to *Important Information for Plumbers* section.

**Colours:** White only.
