The manufacturer pursues a policy of continual development and improvement and as such, product specifications may be changed without prior notice. All dimensions listed herein are only intended as a guide. Cast products are subject to size variants of +/- 5%. The exact colour and finish of the products may vary from those depicted in the brochure. In addition to the natural matte white and polished finish, DADOquartz® bathtubs and basins are now available in custom matte colours. The manufacturer recommends that for absolute clarity in the selection of options, visit the nearest DADOquartz® approved stockist. Full warranty terms and conditions available on www.sirenebathware.com.au

All our products are covered by our Lifetime Warranty.

The complete version can be found on our website. Herewith highlights:

Limited residential guarantee items not purchased directly from Destinkt or an Authorised Dealer will not apply.

We guarantee that all products will be free from defects in materials and craftsmanship from the date of purchase regardless of the delivery or installation date, and for the lifetime of the product.

Warranties only apply to first time owners. Therefore, name that appears on original invoice.

Written notice of any defect must be given within ten days of the time the defect was discovered and must be accompanied by proof of purchase and contact details of the installer.

Warranty is void if the products are not water tested prior to installation or if not installed per our installation instructions and by a professional / licensed plumber or installer.

Destinkt will not be responsible for the cost of removing or reinstalling the bathtubs, or costs associated with any adjacent materials.

Destinkt does not warrant leaks associated with improper waste and overflow installation.

Blemishes, air holes or casting marks on the underside of the bathtub are not considered defects and do not affect the performance or quality of the bathtub.

Due to the inherent nature of the natural stone and its appearance, slight variations in the surface of the product are not considered defects or flaws. Variations in the surface do not compromise the structural integrity of the product. Tolerance on dimensions: $\pm 5\%$.

Exposure to strong chemicals may cause damage to the product and will result in the product warranty to be void.

The guarantee does not cover defects, damage, or failure caused by the installer, carrier, user, or any other person. Chips, cracks, and scratches can be repaired by a qualified technician at the owner's/user's expense.

The following is specifically excluded under this warranty: careless handling; modification of any type for any reason; connections supplied by the installer; misuse; incorrect or improper maintenance; incorrect or inadequate water use; use of improper cleaners and/or chemicals; lack of maintenance; or extraordinary acts of God.

Display floor models and overstock sale units are excluded from this guarantee.

Destinkt is not liable for incidental or consequential damage, loss of time, inconvenience, incidental expenses, labor or material charges or any other costs related to the sale of products or the application of any warranty or from any cause such as water damage to carpeting, floors or ceilings.

The warranty does not include labor, transportation, or other costs incurred in the removal and/or reinstallation of the original unit or replacement unit.

Costs related to obtaining access for repair are not covered. The warranty is limited to the repair and/or replacement of the products.

maintenance

maintenance - bathtubs & basins, made from DADOquartz®

The DADOquartz® material is exceptionally strong, solid, non-porous, hypo-allergenic, resistant to bacterial growth, mold and mildew.

To ensure it is always looking at its best it requires care and maintenance.

Herewith some good practices and guidelines:

After installation, wash the item thoroughly with warm soapy water to remove any dust and marks left behind after delivery and installation.

Never expose the products to harsh chemicals such as petroleum-based products, including paint removers, oven cleaners or other solvents. Note that most personal hygiene products and cosmetics will not damage the surface.

We recommend using multi-purpose bathroom cleaning products.

- ⚠ Do not use highly abrasive products or cream cleaners.
- ⚠ Do not use products that contain trichloroethane or methylene chloride, such as paint stripper, as these may permanently damage the item.
- ⚠ Do not cut directly on the item surface.

Should you ever encounter a scratch or chip on the surface it can easily be fixed by following the repair instructions:

- ✓ For matte finish first use a 220 grit wet/dry sandpaper followed by a 440 grit.
- ✓ For polished finish first use an 800 grit wet/dry sandpaper followed by a 1,200 grit and then polish.
- ✓ Apply with water and gently sand out the scratch.

Refer to our repair video for directions and assistance to repair severe chips or scratches. Upon request we will send a Repair kit.
