Installation Instructions:

These colourful beauties are designed with Tavolozza cover plates, giving the option to mix and match colours to change with the seasons.

Ceramic Tavolozza drain-cover (VA4FVC) to be ordered separately with either TA4032 or 100100. If no Tavolozza is required, order separately the 32mm Valdama Clic-Clac Universal Waste with Ceramic Top (VA3240) or Constant Flow Waste with Ceramic Top (VA3253). It is recommended that the basin be installed using a flexible sealant. Epoxy type glues must not be used. To do so may void product warranty.
